

agenda

NORTH EUROPEAN UGM

Rolls-Royce, Derby
October 16-17

This event is open to current users of [GRANTA MI](#) or [CES Selector](#) software. In addition to providing training on how to get the most from the software, the UGM is the ideal forum for networking and sharing experiences with other users, learning about the latest software developments and planned enhancements, asking questions about best practice, and providing your feedback and input to the Granta development team.

UGM Agenda, Oct 16

15:30	User Group agenda review and discussion: including identifying key training topics for tomorrow's sessions
16:00	Mix Zone: a chance to learn about documentation, training, and software development. See upcoming projects. Provide input and feedback
17:00	Session Closes
19:00	USER GROUP DRINKS AND DINNER
